

Praises and Prayer needs from Eurasia. April 2019

“The Lord is my strength and my defence; he has become my salvation.” (Exodus 15:2a)
We give thanks to God for the Eurasia meeting in Kiev (March 21-24). Peter Saunders was attending for the 1st time as a CEO of ICMDA at this gathering (below is the picture).

We have received such encouraging feedback from the participants of our Disciple Making Movement (DMM) online course, which we started in May 2018 for the 1st time in the Eurasia region in ICMDA. The Lord also moved the hearts of the participants to share their experiences after attending the DMM course. It was very encouraging to hear from 3 different participants/speakers the same message from Matthew 28:19-20. We believe that when God wants to confirm His message He puts His words into the mouth of people at the right time. God is not a fortune-teller, He knows what's coming because He plans what's coming and performs what He plans (John Piper).

We plan to continue this course, and encourage each RR, AR and RS to join.

“If my people, who are called by my name, will humble themselves and pray and seek my face and turn from their wicked ways, then I will hear from heaven, and I will forgive their sin and will heal their land.” 2 Chronicles 7:14 (NIV)

The ARCHAE

(Austrian Christian Medical Association) have set up a (new) mission statement in an intense process last year. Now we try to create a new Corporate Identity, searching for a new, attractive corporate design (including a new logo, maybe change our association's name, a new homepage,).

Please pray for God's wisdom and creativity in the process, as it does not come easily to us... The goal is to attract more colleagues and to grow.

Please also, pray for our small active "work force", how we can best keep in contact, strengthen each other and work together effectively (with the limited resources we have).
